

Roller Blinds

Contemporary, stylish and functional, roller blinds add a touch of class to every home.

Roller blinds are an extremely stylish window solution, making a huge comeback now with the modern fabrics that are available.

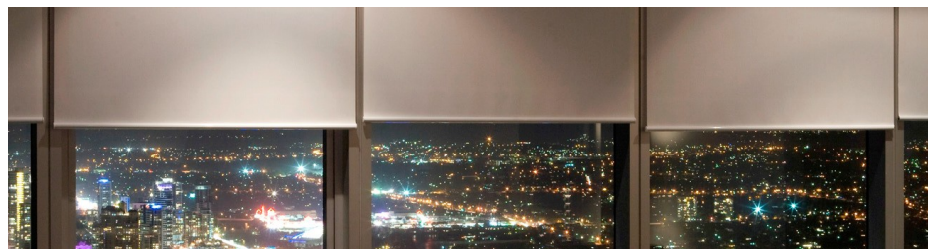

We have the very best selections of colours, patterns, textures, designs and prices. This allows you to make a decision based on both style and budget without compromising the final look.

Roller blinds offer full privacy and blackout as well as partial privacy with various degrees of light-filters. There is also the option of double blinds – two rollers on one fitting – one for blackout at night, the other for daytime sunscreen/privacy.

There are a variety of pull systems, from the standard chain, a partially automated ezi-lift system and full motorisation (available as a retro-fit option for home renovations.)

Our roller blinds also come with the option of child safety features - installed with cleats or chain tensioners as well as cordless.

Refer to our article about child safe window coverings at www.livingcolourdesign.co.nz

Contemporary, stylish and functional blinds add a touch of class to your home
