

Venetian Blinds

Contemporary Venetian Blinds are elegant and stylish, bringing a touch of sophistication to any room in your home. Whether installing them indoors or outdoors.

There are many slat options available including wood from sustainably grown forest hardwoods, faux wood, PVC and enamelled aluminium. You are spoilt for choice when it comes to the finish – painted, washed, stained, matt and metallic.

Venetian blinds are now available with either a routless slat that has no holes on the middle of the slats, or decorative fabric tape which hides the ladder strings.

Slat widths are available from a slender 25mm, 50mm up to 63mm, ideal for wider window frames in villas and bungalows

There is also the child safety option with a unique safety break away tassel, reducing the risk of injury from blind cords to your children.

Learn more about our child safety options here at www.livingcolourdesign.co.nz

Venetian blinds offer versatility for control of light, privacy, airflow and filtering of harsh UV rays.

- **Made to measure to suit any window size.**
- **Extremely functional window covering with fantastic versatility.**
